6. CATEGORY 13 - Ulbricht Position:

State Council Chairman Walter Ulbricht, head of SED, is no longer a member of the FDGB Executive. For the first time since the FDGB was founded, he was not elected to that body at the Sixth FDGB Congress which ended this weekend. This probably did not allow his name to be included among the candidates because of the number of his posts. Adolf Hanneke, the initiator of the "Aktivists Movement" in the Soviet Zone, has also left the executive. The newly elected FDGB executive now has 233 members; previously there were 199. Of this 148 were elected to that body for the first time.

7. SECTION I - Protocol On Exchange of Goods Between Bulgaria And Yugoslavia:

A protocol on the exchange of goods between Bulgaria and Yugoslavia in 1964 was signed in Sofia. During the year Bulgaria will supply Yugoslavia with machine tools, farm machinery, means of transport, machinery for food industry, electric equipment, chemicals, and other goods; it will import from Yugoslavia construction materials, means of transport, engines for ships, chemicals for use in agriculture, paper, cables, tires, and so forth. The protocol was signed by Marin M Krakev, head of a department of the Bulgarian Ministry Of Foreign Trade, and Alexander Druljaca, head of a department of the Yugoslav State Secretariat For Foreign trade.

8. SECTION III/1 - Germany - First Reaction from People in Karl-Marx-Stadt to Kennedy's Assassination:

The following is the full text of a rush information report re assassination of US President Kennedy, from SED Bezirk HQ, Karl-Marx-Stadt to SED Central Committee, Berlin dated 23 November 1963:

According to a report from Kreis HQs Brand-Ertiss-Dorf streamers of black crepe were displayed this evening in the Kreis City in connection with the assassination of the President of the United States.

This is concentrated in particular on two thoroughfares.

Crepe was likewise displayed in the show window of the EST, on the show windows at the railroad station, on the board on Bahnhofstrasse; on a wooden door at the railroad station; in the waiting room of the Reichsbahn and in the waiting room of the VEB Kraftverkehr.

In addition to this, workers Merkel from Brand-Freiberg flew the DDR flag with red, white and blue bunting this morning. Responsible comrades held discussion with him.

In Karl-Marx-Stadt opposite the VEB-Werke-Ausruestung was seen arched in white oil paint: "East Germany mourns for Kennedy."

A similar slogan was placed opposite the council of Kreis Karl-Marx-Stadt rural.

Colleague Neumann of the PGM Firehouse, ((X G)) Ossietzky Strasse, declared: "The Reds did it; there will be a world war for sure."

11. SECTION III/6 - Probable Reference.....continuation of:
and move at 1400Z. The Regimental Headquarters was then informed by a speaker
at the site that he (the speaker at the site) was going to proceed to the
Nuevitas SAM Site to check out the equipment. This person is believed to be
associated with the SAM Support Facility at Vicotria de Las Tunas and was
probably making technical checks of equipment at the Camaguey and Nuevitas
SAM Sites prior to the movement of these sites.

Since the Camaguey site was ordered to practice only three hours prior
to the scheduled time of movement of the site the move may be a mobility
exercise rather than abandonment of the site.

12. CATEGORY 13 - East Germany: Situation Report No. 112 - Political/Economic:
SIS Communications on 22 November revealed that press, radio and television
had been advised by the Party Agitation Commission in Berlin to "take note
of a report" which implicated Fascist circles in the assassination of President
Kennedy.

Further to para. 2 of 2 [REDACTED] /C2463 regarding the murder of one and possibly
two East German Taxi-drivers by Soviet Citizens in Dresden, a Berlin Party
official stated on 22 November that further local discussions on the matter
were undesirable since "((B Prcnt. the Soviets could easily get wind of it))".

A new Church Law ((Amtszuchtgesetz)) approval at a recent meeting of the
Mecklenburger Landes Synoe ((probably the Synod of the Mecklenburger State
Church)) which ended on 9th November, has caused considerable alarm among
party members, the law, the main aim of which is apparently to "remove"
clergymen branded as "progressives" ((a probable reference to those who voted
in the recent election)), was approved despite the intervention of the Bishop,
who forbade it, and of the party which enlisted at least 15 Clergymen to post
strong objections, while the party has branded the law as invalid, because it
is concerned with the whole of Germany whereas there are two separate German
states. Full reasons for refutation are to be worked out in detail later.

13. SECTION III/8 - Alert in Eastern Naval District Relaxed, 23 November:

As a result of the death of President Kennedy, the Eastern Naval District
of Cuba was placed on an alert on 2044Z on 22 November by Banes, Headquarters
for that District. At 2007Z on 23 November, the alert was relaxed a certain
degree by Banes; instructions were passed to Santiago de Cuba, a subordinate,
to give leave to 25 percent of their personnel. For the 23rd and 24th and that
further orders would be forthcoming on 25 November 1963.

COMMENT: The authorization to grant leave to personnel is an indication that
the alert is somewhat relaxed and the note that further instructions would be
issued on Monday, 25 November indicates that a more stringent view has been adopted
for the situation by Cuban Naval authorities in the Eastern Naval District.
